

Squirrel Cage Carbon Filament 25w E27 - 240v Globe

Product Images

Description

The Squirrel Cage Carbon Filament 25w E27 Bulb is a hand made lamp looks just like the ones Thomas Edison used to make! This bulb looks fantastic as a feature in a clear glass pendant, or in any fitting where you can see the bulbs. Carbon-filament bulbs debuted in the 1890s, and their soft glow illuminated homes until 1912 when the more powerful tungsten filament transformed the light bulb industry. Now the Carbon Filament Bulb is back!

The Squirrel Carbon Filament 25w E27 Bulb has the following product features:

- Amber Glass Finish.
- Power Consumption - 25w.
- Base - E27 (Standard Edison Screw).
