

# Atrium 48" AC Metal 4Blade Ceiling Fan - 316 Stainless Steel

## Product Images

## Description

The Atrium 48" AC Metal 4Blade Ceiling Fan - 316 Stainless Steel is the latest in versatile cooling for your home. The body, canopy and blades are constructed from 316 stainless steel, which reduces the opportunity for pitting and corrosion. The Atrium ceiling fan gives optimum volumes of airflow with each spin, thanks to its high performance motor. This fan would suit both the modern and traditional decor.

The Atrium 48" AC Metal 4Blade Ceiling Fan - 316 Stainless Steel is available with the following options:

1. Downrod Extension:
  - o No Downrod Extension.
